

We're looking for a Quality Engineer!

Pict Offshore is an exciting new joint venture backed by [Orsted](#), the world's largest developer of offshore wind. We are developing innovative personnel access and lifting solutions for the next generation of offshore wind farms and are looking for smart, energetic and motivated people to join our team.

We'd like to find a great **Quality Engineer** to help us prepare our Get-Up-Safe products for manufacture. As a small company, the role needs someone who can cheerfully contribute to activities across the business and doesn't mind getting their hands dirty. The role is based full time in Pict House, our site in Inverkeithing, Fife.

Main duties:

- Ensuring product released for shipment is fully compliant with requirements
- Coordinating response to customer complaints and customer satisfaction feedback
- Maintain and develop Quality Management System
- Lead continuous improvement activities
- Address and disposition non-conforming material
- Lead the root cause and corrective action investigations
- Conduct FAI's and goods inward inspection
- Liaise directly with suppliers on quality issues
- Conduct internal audits to ISO9001 requirements
- Capture, analysis and reporting of Quality Management metrics

Essential Candidate requirements

- Good understanding of ISO9001
- Experience in internal auditing to ISO9001
- Experience within the quality role in a manufacturing environment
- Good problem-solving skills and knowledge of root cause analysis techniques
- Experience with 8D reports and customer satisfaction management
- Strong communication skills
- Good Microsoft office skills
- Ability to read technical drawings
- Strong team player with "can-do" attitude
- Ability to multitask and prioritise workload
- Experience in electro-mechanical manufacturing / assembly
- Clean driving license and permit to work in the UK

Advantageous knowledge/experience

- Environmental Testing
- Lean principles experience
- Supply of product to large OEM customers
- HSE / ISO14001
- Creation of work instructions

If you are interested and think you fit the bill, please send us your CV and a covering letter including salary expectations to info@pictoffshore.com. No recruitment companies please.
